

ABOUT SEMAGLUTIDE

The simple, **once-weekly injection** is the first approved drug for chronic weight management in overweight adults since 2014.

Clinically proven to help reduce body weight by **up to 10% in as little as 12 weeks.**

Semaglutide targets the area of the brain that **regulates appetite** and food intake.

When combined with the **diet and exercise plan** developed for your needs by our experts is even more effective.

ABOUT WEIGHT LOSS

Our experts at The Facial Center want to help you feel as good as you look. We understand how difficult weight loss can be; especially when you try to do it on your own. This is why our medically supported weight loss options offer you the support and accountability of a team that is on your side.

- We offer a customized, medically supervised weight loss program to assist you in reaching your goals. Our team uses a **combination of medications and diet plans**, as well as **nutritional and physical activity counseling** throughout your weight loss journey.
- We offer **appetite suppressant therapy and Semaglutide**, which is FDA approved for the treatment of obesity.

THE WEIGHT LOSS PROCESS

Patients will meet with one of our experts and discuss medical history, weight loss goals and current lifestyle.

At the initial visit, we will do **lab work** and an EKG to establish your baseline.

In your next visit, we will **determine which combination of diet plan and medication** will help you to reach your goals safely and effectively.

We will meet with you monthly to monitor your progress.

WHO BENEFITS

Adults who have serious health problems due to their weight significantly benefit from the assistance of medical professionals like ours at The Facial Center in their weight loss journey.

If you have tried diet and exercise on your own and not been able to lose weight, then Semaglutide may be an option for you.

Our experts take your health into account when developing a safe and effective weight loss treatment.

We at The Facial Center look forward to assisting patients in their weight loss journey. Call or text our Teays Valley location at **(304) 760-4000** for more information and to schedule a consultation

**We want
you to feel
as good
as you look**
